Dear Friends,

Today we are sending you the second issue of our latest bulletin insert. (If you would like to see the first issue, it has been posted on our SOS Facebook Page.) It will come as an email at the beginning of each week, we hope. We want to include the latest news and info; to share what you are thinking, reading, talking about, needing...

This insert is named the SOS CALL: SOS is the abbreviation for *Servants of the Savior*. We decided that is how we want to think of ourselves during this strange time. Check out the issue for this week, which is attached.

If you have suggestions, things that need to be included, please send them to Susan or Mary K at the office email: stjasanglican@gmail.com

God is blessing us as we trust Him, because He himself brought us to this moment.

Love,

the Companions of St. Stephen
